## Say a simple phrase

This trigger fires when you say "Ok Google" to the Google Assistant followed by a phrase you choose. For example, say "Ok Google, I'm running late" to text a family member that you're on your way home.

What do you want to say?

Turn on switch

What's another way to say it? (optional)

Switch on

And another way? (optional)

What do you want the Assistant to say in response?

Turning on switch.

◯ Say a specific phrase

This trigger fires every time you say "Alexa trigger" + the phrase that you have defined. For instance, if you set "party time" as the phrase, you can say "Alexa trigger party time" to have your lights loop colors. Please use lower-case only.
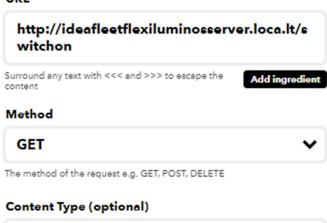

What phrase?

switch on

Use lower-case characters only
